

Matthew Engelke

Welcome

My name is Matthew Engelke. Thank you for viewing my interactive portfolio. It was created with Macromedia Director 8.0 and its purpose is to display both my design and technical skills.

Here you'll find my resumé, a short biography, and examples of my work in Graphic Design, Fine Arts, and Multimedia.

I've also included links to relevant websites. So, please have a look around, and let me know what you think--I'd love to hear from you.

Use the button below to e-mail me, or call me at (909) 948-9151.
